Communication skills Through my work experience in Estonia and Montenegro I developed good skills of working in a team and successfully communicating my design ideas. This is proven by multiple achievements in architectural competitions with various multicultural teams.

Organisational / managerial skills Time management and organizational skills are one of my biggest assets. I lead various teams during my masters where we successfully obtained highest grades. During my work experience I coordinated multiple competition projects, one of which won first award in Estonia, and is currently being further developed with first buildings to be constructed.

Job-related skills • Good computer skills, fresh ideas and design always taking in mind the context, analyzing the surroundings and adapting to the environment.

Digital skills • Good knowledge of BIM software such as Archicad, Cad software such as Autocad, as well as Lumion, Adobe Photoshop, Indesgin, Illustrator, and Microsoft Office.

Other skills photography, painting, pottery

Driving licence B
