NIKCOM D.O.O. January 2020 - September 2020

Architecture Office Engineer, Full - time

Education

2015 - 2018

Bachelor of Science

Faculty of Architecture, University of Montenegro

2018 - 2019

Specialist of Science

Faculty of Architecture, University of Montenegro

Course: Building Design

Acquired knowledge and skills in the field of fundamental sciences, engineering sciences, knowledge in the field of history of architecture and art, also skills in the field of architectural and urban planning and design.

2019 - 2021

Master of Science

Faculty of Technical Sciences - University of Novi Sad

Course: Modern Theories and Technologies in Architectural Design

Reason for enrollment: Getting familiar with basic theories of architecture and conceptual frameworks. The Goal - in addition to technical knowledge and design, I find it necessary to establish a relationship with the theories of architecture - to synthesize thinking in architecture.
